Broken Arrow Church of Christ

AUGUST 18, 2019

LTC - Leadership Training for Christ - is something this congregation has been involved with for many years. At its very basic description it is a program to help train students in grades 3-12 for service in the Lord's Kingdom. It includes things like Bible Bowl, Bible quiz, Bible application, sermon delivery speeches, song leading, scripture reading, signing, etc... but it also includes things like choirs, drama, art, photography, web design, power point, t-shirt design and more - training people to develop and use their skills for use for the Lord.

At a more complicated level, there is a convention with parameters and rules that people go to and are involved in friendly judged competition, not against each other but to see how well they can do scoring gold, silver, or bronze awards. It is also a lot of fun, and gives a bigger event for the students to aim for; however, we can't let going to the convention be the big goal! The big goal is service in the kingdom.

You have probably noticed our HS aged young men on Wednesday evenings taking a bigger part in the devotionals. This is a result in trying to get students to do more here what they train for in LTC. There are others you might not see, like four of our teen students assisting in the sound booth. However, our goal is to provide more and more platforms for students to be involved in our congregation and community doing these types of things as well.

How can you help? I'm glad you asked! Parents: look into LTC and see where your students might excel and help them be more involved, maybe even challenge them in a new area in which they might not naturally go. Students: be involved! I know you are busy. I know you have homework and social things and youth group events and yet learning new skills and being active in the Kingdom are a huge blessing to others and to you! Adults: (including parents) volunteer to be coaches! The more interest and involvement we have of students the more coaches we will need. Everyone: think about opportunities these skills can be used around our congregation and community! Ideas like: Girls choir singing at a HeartSisters group, singing at nursing homes, a drama to illustrate a point in Bible class, puppet shows for younger ages, etc... Think outside of the box, then share your ideas!

THANK YOU

To all VBS volunteers; a huge thank you to those that decorated and set up, taught classes, manned the cookie room, put on puppet shows, and participated in Dramatime. We had a great week!

We felt so loved by our congregation during Curtis' fight with cancer and in the midst of our grief as well. Words are not adequate to convey our gratitude for all the prayers, cards, inquiries, meals and hugs. Please keep us in your prayers during this difficult journey and future without our loved one. Many of you can empathize with our pain and your support means very much.

~Sharon Hamilton, Matt, Ashley, Luke and Brookelyn Robinson

Dear church family,

Thank you for giving me the opportunity to serve this congregation as a youth intern this summer. I grew so much from the experience and loved getting to know the youth group better and working with the church staff. I appreciate the very generous gift and all of the encouragement, support and love you have shown me. I will miss you all and I love each of you!

~Kelsey Smith

THANK YOU

Thank you so much for letting us stay at your building. We really appreciated it!
